

Mathematisches
Forschungsinstitut
Oberwolfach

Dear Guest,

We are pleased to welcome you at the MFO and hope that you will enjoy your stay at our Institute.

Meanwhile, almost all protective measures against the corona virus in public spaces have been dropped in Germany. The MFO has gone back to the traditional workshop format with participants attending in person.

We will continue to provide contact-free disinfectant devices at the entrance areas and air purifying devices in the lecture halls, the discussion rooms and the dining hall. In case of symptoms of contagious diseases we recommend that affected participants voluntarily wear a mask or isolate themselves in their room. If the symptoms already arise before traveling to Oberwolfach, we kindly ask to make a responsible decision about the visit at the MFO.

We wish you a pleasant stay

Your MFO team
